Once your patient is enrolled, Celltrion CONNECT will:

Verify Insurance Coverage

- Confirm how STOBOCLO will be covered under your patient's health plan
- Additional coverage information to facilitate your patient's access

Assist with Prior Authorization (PA) and Appeals Support

- Help you determine your patient's plan-specific requirements and submission protocols
- When submitting a PA, collect the information below along with other plan requirements necessary to obtain a PA decision:
 - ✓ Patient diagnosis (ICD-10 code)
 - ✓ Previously used therapies

STOBOCLO Patient Assistance Program

- The Patient Assistance Program (PAP) may provide product at no cost to eligible uninsured patients. Eligibility criteria and terms and conditions apply
- If you order STOBOCLO through the Celltrion CONNECT PAP or a specialty pharmacy, you should not seek reimbursement for the product; however, your patient's health plan may still require that you include the J-code on the claim with a zero or nominal charge in order for them to reimburse the drug administration procedure.

You are encouraged to report negative side effects of prescription drugs to the FDA.
