

Here to help throughout your ZYMFENTRA treatment journey

HOW TO GET STARTED

Work with your healthcare provider (HCP) to enroll in Celltrion CONNECT[®]

There are 2 ways to enroll:

Online

Your HCP can enroll you through an easy online portal or send an ePrescription from their office

OR

Fax

You and your HCP can download, complete, and sign the enrollment form. Your HCP will then fax the completed form to **833-912-3707**

Sign your Patient Consent Form

You must sign the Patient Consent Form to finalize your enrollment.

Visit **CelltrionConnect.hipaa.com** or scan the QR code to review and sign the patient consent form

Scan here to sign the patient consent form

Personalized Support

Celltrion CONNECT provides personalized support for patients prescribed ZYMFENTRA. A dedicated **Celltrion CONNECT Case Coordinator** provides 1:1 support to help patients shift from IV infliximab to ZYMFENTRA, including:

- Information on how your insurance covers ZYMFENTRA and **what it will cost you**
- Access to Celltrion CONNECT programs to **help you pay** for ZYMFENTRA, if eligible
- **Nurse Connector™ support** to help you transition from IV infliximab to ZYMFENTRA and provide supplemental training on how to administer it*

Once enrolled, your dedicated **Celltrion CONNECT Case Coordinator** will help you:

Understand Your Insurance Coverage

Case Coordinators will confirm your insurance coverage for ZYMFENTRA and your out of pocket (OOP) costs. They will determine if your insurer requires additional prior authorization (PA). The Case Coordinators can also work with your HCP to help resolve any issues with insurance approvals.

Review Financial Assistance Options

Co-pay Assistance Program

All patients enrolled in Celltrion CONNECT will be screened for financial assistance eligibility. A Case Coordinator will help connect you to the right financial assistance program.

Patients with commercial insurance coverage may pay as little as **\$0 per dose** through the Celltrion CARES[®] Co-pay Assistance Program.* Patients with federally funded health insurance like Medicare or Medicaid are not eligible for this program. View complete program rules and enroll online at www.CelltrionCares.com.

If you are uninsured, Celltrion may be able to support you. Talk to your healthcare provider about different options.

Connect to Nursing Support Resources

Your Case Coordinator will pair you with a **Nurse Connector**[™] who works alongside your doctor to help you get started and stay on track with your prescribed treatment. Nurse Connectors can provide you:[†]

- ✓ Product and disease state education to learn more about your condition
- ✓ Support in the transition from IV infliximab to ZYMFENTRA
- ✓ Supplemental training on how to use your injection device
- ✓ Tools and resources to assist with injection site rotation and dosing schedule

Connecting Through the Treatment Journey

You are encouraged to report negative side effects of prescription drugs to the FDA. Visit www.fda.gov/medwatch or call **1-800-FDA-1088**.

Please see Medication Guide, including **BOXED WARNING** [here](#).

*Please see full terms and conditions for Celltrion CARES at <https://www.celltrionconnect.com/zymfentra/co-pay-assistance>.

[†]Participation in the Nurse Connector program is voluntary. Patients can opt out of this service at any time. Nurse Connectors will not offer medical advice and will always refer the patient back to the prescriber for any questions specific to their treatment.
